The introduction part will include the brief introduction about the project to be developed, the technology used, the field of the project (if specialized one), any special technical terms about the project.

**Objective:**

The objective of the project should be in bullets.

**Feasibility Study:** (should not exceed 1 page)

This will describe the very first step of software engineering i.e. feasibility study of the project that includes the feasibility, need and significance of the project

**Methodology/ Planning of work** (should not exceed 1 page)

The methodology will include the steps to be followed to achieve the objective of the project during the project development.

*Project is a Research Based Project or Application based Project*

**Research-Based Project**

**a) Research Gap Identified**

After reading a research paper the gaps which are identified

**Application Based Project**

**a) Software/Hardware requirements**

Software/Hardware required for the development of the project.

**b) benefits of the project for the society**

**Bibliography**

Here specify the description of the study material referred for the development of the project.
